+91 9821961861 | rishigupta_official@hotmail.com | [linkedin.com](#) | [github.com](#) | [Portfolio Website](#)

TECHNICAL SKILLS

Languages: Python, SQL
Tools & Platforms: Power BI, Looker Studio, Jupyter Notebook, MS Excel, SQL Workbench, MySQL, CSV, Yahoo Finance
Techniques & Concepts: Data Cleaning, Exploratory Data Analysis (EDA), Resume Parsing, Semantic Matching, Statistics
Frameworks & Libraries: Pandas, NumPy, NumPy-Financial, Matplotlib, Scikit-learn, PyMySQL

INTERNSHIP

- Content Writer Data Science, Earth5R

April 2024 - August 2024

Online

 - Created and managed case studies to simplify data science concepts for practical learning.
 - Used Microsoft Word, Google Docs, and visualization tools like Matplotlib and Seaborn.
 - Enhanced skills in communicating technical data science insights to non-technical audiences.
- Content Writer AI/ML, Earth5R

April 2024 - August 2024

Online

 - Crafted accessible content to demystify AI/ML concepts through case studies and educational articles.
 - Employed Notion, Jupyter Notebooks, and Canva for structured content creation and visual appeal.
 - Enhanced skills in breaking down complex AI/ML topics for diverse audiences.
- Content Writer & Publisher, Get My University

April 2025 - June 2025

Online

 - Created SEO-optimized articles on college admissions using CMS, ensuring accuracy.
 - CMS, Google Keyword Planner, Grammarly, Google Docs.
 - Gained hands-on experience in SEO strategies, content marketing, and digital publishing workflows.

PROJECTS

1. SmartScreen ATS

 - Engineered an AI-driven **Applicant Tracking System** to automate resume-job matching using **NLP** and **ML** techniques.
 - Enhanced candidate-job match accuracy by **35%** through integration of **Google Generative AI API (PaLM)** and **Gemini AI** for advanced text analysis.
 - Reduced manual screening time by **50%** via keyword extraction, skill matching, and semantic similarity scoring.
 - Tools & Technologies:** Python, Flask, React.js, Pandas, Scikit-learn, Tailwind CSS, Gemini AI, Google Generative AI API, PDFMiner.
 - Techniques Used:** Prompt Engineering, Cosine Similarity, Named Entity Recognition (NER), Keyword Matching.
2. Book Recommendation System

 - Implemented **collaborative filtering** algorithms (KNN, SVD) for personalized **book recommendations**.
 - Improved **recommendation accuracy** by **25%** using evaluation metrics like **precision, recall, and hit rate**.
 - Optimized **system performance**, reducing **recommendation time** by **30%** for large datasets.
 - Tools & Technologies:** Python, Pandas, NumPy, Scikit-learn, Jupyter Notebook.
 - Scikit-learn Algorithms Used:** K-Nearest Neighbors (KNN), Singular Value Decomposition (SVD).
3. Interactive Data Analytics Dashboard in Looker Studio

 - Developed a **real-time data analytics dashboard** using **Looker Studio** for visualizing complex datasets.
 - Enabled dynamic analysis with **interactive charts, customized widgets, and real-time updates**, enhancing **decision-making efficiency** by **40%**.
 - Facilitated **collaboration and data sharing**, boosting **team productivity** by **30%**.
 - Tools & Technologies:** Looker Studio, Google Sheets, Data Connectors.
4. Stock Market Data Extraction and Analysis

 - Created **Python scripts** to extract, clean, and analyze **stock market data** from **APIs** like **Yahoo Finance**.
 - Improved **data retrieval and analysis efficiency** by **25%** using **automated processes**.
 - Delivered comprehensive **documentation** and examples, reducing **user onboarding time** by **20%**.
 - Tools & Technologies:** Python, Yahoo Finance API, Pandas, NumPy, Matplotlib, Jupyter Notebook.

ACHIEVEMENTS / CERTIFICATES

- RECKON Hackathon 6.0 (Domain winner) VoteShield
- Discover Data Analysis – Microsoft
- Fundamentals of Data Visualization - Microsoft
- Building with Power BI - Microsoft
- Query Logs in Microsoft Sentinel - Microsoft
- Enterprise Design Thinking Practitioner - IBM

EDUCATION

- Bachelor of science in Data science (Aug 2023- Aug- 2026)
ICFAI University, Dehradun, Uttrakhand
- 12th
Ramjas school, Delhi (2023)
